SEA AID FOUNDATION CONFERENCE

Images: Thomas when we first met him, the following Christmas and then Christmas shopping 2021 with local Paediatrician Dr Riyanti Windesi

SEA AID FOUNDATION CONFERENCE: RAJA AMPAT & INDONESIA

Dr Tom Mulholland and Sea Aid have run a number of successful conferences and expeditions over the past decade. Now international travel has resumed we are excited to return to Raja Ampat, the place of our successful Saving Thomas mission, a small very sick boy we discovered in one of our clinics who is now doing very well.

This expedition will be a mix of academic lectures, village clinics and strategy planning for Sea Aid's work in the Pacific and Indonesia over the coming years.

You don't have to be a doctor or nurse to come on this expedition but you will get to help and experience what it is like to make a difference on a number of levels. You are able to attend certain academic lectures and workshops like Healthy Thinking®.

Please join us for the experience of a lifetime. *If you are Medical Professional you can claim CPD points.*

Discover paradise on an authentic expedition through Indonesia's remote and little known tropical islands with award-winning wildlife filmmakers Neil Nightingale and Karen Bass. Swim with the Whale Sharks in Kwatisore Bay and explore the turquoise waters and rainbow corals of Raja Ampat as we traverse powdery white sand beaches, untamed jungles home to up to 13 species of Bird-of-paradise including Red, Wilson's and Lesser Bird-of-paradise and World War II relics, visiting remote tribes on our voyage from Denpasar, Bali to Madang, Papua New Guinea.

A true expedition voyage in every sense, our journey will explore Indonesia's rarely visited and little known biodiverse-rich jungle-capped islands scattered across pristine pellucid waters well beyond traditional tourist routes. Join us and discover a true paradise where untouched dense jungles home to some of the rarest flora and fauna on the planet meet crystalline tropical waters teeming with exotic marine life and some of the world's best coral reefs all wrapped in a land steeped in history and rich in culture and tradition.

Comprised of some 18,000 islands, this Southeast Asian archipelago's fascinating human history dates back almost 2 million years. European arrival saw Portuguese spice traders chasing the fragrant bounty of nutmeg and cloves in the 16th Century, this was followed by Dutch colonisation then Japanese occupation during World War II before Indonesia regained its independence in 1949.

While still a heavy hitter on the spice trading scene, Indonesia is now attracting attention for having one of the richest concentrations of flora and fauna on the planet. One of the world's 17 mega diverse countries, Indonesia is home to 2 of the planet's 25 biodiversity hotspots, 18 of the World Wildlife Fund's Global 200 ecoregions and 24 of BirdLife International's Endemic Bird Areas.

Its dense forests, jungles, oceans and waterways we will be exploring boast more than 25,000 species of flowering plants (40 per cent of which are endemic), 1,592 bird species (430 of which are endemic and 114 considered extremely threatened), 1,051 reptile and amphibian species, 515 species of mammal and half of the world's fish species. For botanists, birders and nature lovers alike, this expedition offers numerous opportunities to spot once-in-a-lifetime species and experience rare wildlife encounters on remote and unknown islands.

Sublime wildlife, incredible underwater encounters, exceptional birding and thrilling cultural exchanges await on Indonesian Explorer.

ITINERARY

Day 1: Denpasar, Bali

For centuries Bali has captivated the imagination of artists, writers, and travellers with its landscapes of emerald terraced rice fields back-dropped by the sacred volcano of Mt. Agung. Meet your expedition guides at the Sofitel Bali Nusa Dua Beach Resort this afternoon and transfer to *Heritage Adventurer*.

Day 2: Komodo National Park

A sanctuary for the giant monitor lizard, the Komodo Dragon, walk along a forested pathway to a viewing area for a closer look at these prehistoric reptiles which can grow up to 10 feet in length and weigh up to 300 pounds. The surrounding forest is home to Timor Deer, the favourite prey of the dragons, as well as elegant Yellow-crested Cockatoos. Enjoy the first snorkelling excursion off splendid Pink Beach, with world-class experience often described as "swimming in an aquarium".

Day 3: At Sea

Relax on board after our adventures at Komodo, join a lecture, update your photos/journal or watch the world go by in the Observation Lounge.

Day 4: Wakatobi National Park

Famously described by legendary underwater explorer

and conservationist Jacques Cousteau as an "underwater nirvana", Wakatobi is a cetacean highway and home to breathtaking coral walls. Today's snorkel excursions reveal an incredible array of marine reef inhabitants; underwater photographers will appreciate a bizarre macro world among corals as shallow as 20 feet. Highlights include colourful frogfish, octopus, marbled snake eels, cockatoo wasp fish, flying gurnards, multitudes of crab species, and dazzling anemones.

Day 5: Buru Island

Fascinating and seldom visited, Buru Island is located at the boundary between the bio-geographic zones of Australia and Asia. A high proportion of the species of birds and mammals that occur here are found nowhere else with 10 endemic bird species and 4 endemic mammals as well as a number of near-endemic species. This

morning we will explore these remote shores together with our expert naturalists and guides. Enjoy opportunities to explore the forests in search of wildlife and many of the endemic species including the Blue-fronted Lorikeet and enjoy the hospitality of local communities during village visits.

Day 6: Misool Island

Part of the Sultanate of Tidore during the spice trade wars, Misool Island is the second largest island in the aquatic wonderland that is Raja Ampat (aka Four Kings Islands, named after its four main islands) and our introduction to this stunning marine environment. Rich in heritage, it was colonised by the Dutch, however still maintains its cultural essence and traditional ways of life with indigenous constructions, folk dance and respect for nature prevailing. On land, discover caves hidden among verdant forests featuring rock art dating back more than 5,000 years, while under its protected waters Dugong, Bumphead Parrotfish, Clownfish, Manta Rays, Ghost Pipefish, Harlequin Shrimp, Pygmy Seahorse and more can be found among spectacular coral gardens and sea-cave cemeteries. Over the course of the day we aim to explore the labyrinth of caves and passages, and hike up to the viewing platforms to enjoy the spectacular vistas and heart-shaped lagoon of Karawapop.

Days 7 to 8: Raja Ampat

Lapped by stunning turquoise waters, Raja Ampat's collection of 1,500 tiny, jungle-cloaked islands are among Indonesia's most beautiful. We plan to spend 2 days exploring the bounty of rainbow corals, shoals of multi-coloured fish, intriguing ocean-carved limestone formations and jungles of this tropical paradise of forgotten islands. Believed to contain the most biodiverse marine habitat on the planet, the waters surrounding Raja Ampat are home to 600 species of hard coral and 1,200 types of reef fish and make for exceptional snorkelling and Zodiac cruising. On land, spotting the brilliant Wilson's Bird-of-paradise and Red Bird-of-paradise will be high on our agenda here, with early morning visits planned ensuring the very best opportunity for all to see these remarkable birds in their natural habitat and, hopefully, witness their rarely-seen mating

dance around their 'lekking' trees. Other activities could include beachcombing, visiting villages and engaging in cultural exchanges with locals and forest walks.

Day 9: Manokwari and Arfak Mountains

Located at the top of the Bird's Head Peninsula and surrounded by lush rolling hills and impressive spine of the Arfak Mountains, Manokwari is the capital of West Papua. Options here

include an early rise travelling high into the Arfak Mountains to the Pegunungan Arfak Nature Reserve exploring the higher elevations and misty tropical montane rainforests with their exceptional suite of endemic plants, animals and birds. During our journey we will be on the lookout for the Western Parotia and Vogelkop Bowerbird, and visit the viewing hides for a once-in-a-lifetime opportunity to observe the Magnificent Bird-of-paradise, among the region's 320 bird species. Alternatively enjoy a sleep in and explore the fascinating town of Manokwari, home to more than 24 different tribal groups.

Day 10: Cenderawasih Marine Park

Enjoy the unforgettable experience of swimming with the iconic Whale Sharks of Kwatisore Bay in Cenderawasih Marine Park. One of the best places in the world to snorkel with these gentle giants, we aim to visit the local fishermen's Bagans (handmade floating platforms) where these mega-fish (known to grow more than 12-metres in length), hopeful of catching some of the smaller fish escaping fishermen's nets, are known to congregate. This spectacular 15,000-square-kilometre marine park is also home to some of the finest coral reef examples in the world and

18 tropical islands, which we will explore, where 209 species of fish and 4 species of turtle can be seen. We also plan to visit a village where the locals live by a unique mix of traditional, Dutch and modern influences.

Day 11: Biak & Rusbasbedas Islands

The seldom-visited Biak Island in the Schouten Islands archipelago of Cenderawasih Bay boasts the highest endemic biodiversity in Papua including 17 endemic birds. Among the species we may encounter are the Long-tailed Honey-buzzard, Red-capped Flowerpecker, Yellow-bibbed Fruit-dove, Geelvink Imperial-pigeon, Biak Black Flycatcher and Numfor Paradise-kingfisher and Leaf Warbler. In the afternoon we plan to sail to the pristine and isolated Rusbasbedas Island with its white sand beaches, sheer drop-offs and enormous corals teeming with brightly coloured fish make it paradise for snorkellers and beachcombers.

Day 12: Liki Island

Enjoy a warm welcome on Liki Island, part of the Koemamba Islands in formerly Dutch New Guinea, where villagers share local customs and traditions along with some of the island's culinary delights. Explore the forest looking for wildlife on a nature walk, or snorkel along the edge of the abundant coral reef on this charming and rarely visited island.

Day 13: Jayapura

The peaceful paradise of Lake Sentani, the glittering freshwater lake reflecting the steep, verdant mountains in the Cyclops Strict Nature Reserve of Papua's capital Jayapura, is renowned for its famous artifacts, traditional motifs, pottery, woodworking and bark paintings, and is our destination following an early morning arrival. We will journey to the lake's edge before enlisting traditional longboats, passing stilt houses, as we navigate its many islands. Experience local culture in the form of dance and artists at work making bark paintings and bride money before returning to the ship for lunch and sailing towards Vanimo and Papua New Guinea for our International arrival into Papua New Guinea.

Day 14: Sepik River, Papua New Guinea

We have allowed plenty of time to fully appreciate this remarkable river, its birds, animals and the people that call it home. The Sepik River, the longest in Papua New Guinea, flows from the highlands to the Bismarck Sea. It is a rich arterial river that has fostered great traditional artists. We plan to explore the river by Zodiac, following tributaries and channels in search of local wildlife. Enjoy a warm welcome at Kopar Village where we will experience village life and a traditional Dragon Dance unique to this region. The world-renowned

artists of the Sepik region travel long distances to meet the ship and there is the opportunity to purchase unique carvings and more directly from them.

Day 15: Madang

The self appointed 'Prettiest Town in the South Pacific', Madang is bound by lush rainforest, calm blue waters studded with volcanic islands, Tupira's supreme surf break, flourishing coral gardens and rich history. For those disembarking, a transfer to a central hotel, or the airport, will conclude your voyage, OR continue the adventure with us on Discover the Secrets of Melanesia.

Note: During our voyage, circumstances may make it necessary or desirable to deviate from the proposed itinerary. This can include poor weather and/or opportunities for making unplanned excursions. Your Expedition Leader will keep you fully informed.

ABOUT OUR DISCOVERY FUND

Each area we visit has rich cultural experiences and wild treasures to offer. As guests, we have made a point to source and support local projects in the areas through which we travel. A contribution from each passenger represents a portion of the money we donate to ensure the longevity and success of educational, environmental and cultural initiatives in these regions.

HERITAGE ADVENTURER

Heritage Adventurer is a true pioneering expedition vessel of exceptional pedigree often referred to as the 'Grande Dame of Polar Exploration'.

Purpose built for adventure in 1991 at Finland's Rauma shipyard and specifically designed for Polar exploration, *Heritage Adventurer* (formerly known as *MS Hanseatic*) is 124-metres long, boasts the highest passenger-ship ice-class rating (1A Super) and an impressive history of Polar and remote region exploration making her perfect for Heritage Expeditions signature experiential expedition travel.

Originally designed to accommodate 184 guests, we now welcome just 140 expeditioners to create a spacious, comfortable on board experience and continuation of the exceptional, personalised expedition experience synonymous with the company. While a fleet of 14 Zodiacs ensures

all guests are able to maximise their expedition experience. On board, enjoy stylish, sophisticated accommodations spanning 4 decks, visit the captain and crew in the Bridge with our Open Bridge Policy and dine on gourmet fare from leading Australasian chefs.

Watch your adventure unfold from numerous spectacular indoor and outdoor viewing locations including *Heritage Adventurer's* famed Observation Lounge resplendent with 270-degree views and join our world-renowned team of naturalists, botanists, historians and experts as they interpret the natural and human history discovered during each voyage, as well as hosting regular lectures.

And should you require a little R&R, unwind in the library, pool, gym, hot tub, sauna and steam room, indulge in some retail therapy or find a quiet place to enjoy a coffee or cocktail from the café and bar.

DATES

Voyage #HA221011
11 – 25 October 2022

PRICES

Heritage Suite \$21,795 pp*
Located on Deck 6, Heritage Suites are an expansive 44m² and feature large double panoramic windows, king bed, large living area with a sofa, coffee table and chairs and grand marble bathroom with a double basin, bathtub and shower, large writing desk, floor to ceiling cabinetry for storage and a flat screen entertainment system.

Worsley Suite \$13,595 pp*
Located on Deck 6, Worsley Suites are a spacious 22m² and feature large panoramic windows, king or two single beds, comfortable chaise-style lounge suite, writing desk, private en-suite with shower, ample storage and a flat screen entertainment system.

Superior Single \$12,995 pp*
Superior Single Cabins on Deck 5 are a spacious 22m² and feature large panoramic windows, king bed, comfortable lounge, writing desk, private en-suite with shower, ample storage and a flat screen entertainment system.

Superior Triple \$9,475 pp*
Superior Triple Cabins on Deck 5 are a spacious 22m² and feature large panoramic windows, two single beds and one Pullman bed which folds down from the wall, comfortable lounge, writing desk, private en-suite with shower, ample storage and a flat screen entertainment system.

Superior Deck 5 \$10,995 pp*
Superior Cabins on Deck 5 are a spacious 22m² and feature large panoramic windows, king or two single beds, comfortable lounge, writing desk, private en-suite with shower, ample storage and a flat screen entertainment system.

Superior Deck 4 \$10,495 pp*
Superior Cabins on Deck 4 are a spacious 22m² and feature large panoramic windows, king or two single beds, comfortable lounge, writing desk, private en-suite with shower, ample storage and a flat screen entertainment system.

Main Deck Single \$12,595 pp*
Main Deck Single Cabins on Deck 3 are a spacious 22m² and feature two porthole windows, king bed, comfortable lounge, writing desk, private en-suite with shower, ample storage and a flat screen entertainment system.
